Press Release

2010 H.P. Anderson Citizenship Award

Anderson Security Agency, Ltd. presents the 2010 H.P. Anderson Citizenship Award to Austin Crutcher from Chandler.

Phoenix, AZ, December 17, 2010: Anderson Security Agency, Ltd. presented the 2010 H.P. Anderson Citizenship Award to Austin Crutcher at the ASA headquarters in front of the Crutcher family, local media and ASA personnel.

Many applications for the award were received after the story was featured on Channel 15's morning news. The Crutchers' story was featured in Barrow Magazine. Austin was recognized for his heroism he displayed when his father Todd had fallen due to a cerebral cavernous malformation (CCM) while Austin's mother was away from the home. Austin was able to pick the lock to the room where his father had fallen and alerted his mother. Austin's Mother then alerted local fire and rescue. During the phone call to his Mother and the arrival of emergency aid, Austin remained calm, cooled and collected as he comforted his two younger brothers and kept them away from their father who, because of the fall had been bleeding from the mouth.

After a couple weeks in a coma and months of rehabilitation, Todd has fully recovered and much of the incidence is still a blur but he is thankful to his family and son who were by his side to render aid in a time of desperate need.

Anderson Security Agency, Ltd. and the H.P. Anderson Museum congratulate Austin Crutcher on his \$5000 award and wish the Crutcher's endless good health and happiness in the future..
